6.005 Project 2: Realtime Collaborative Editor
Team Member: {Yonglin Wu, Yunzhi Gao, Shu Zheng}

Last Revised: December 4, 2012

Part 1. Graphic User Interface Sketch

Figure 1. GUI sketch with a single document entitled *New Document 1*

* One GUI per document

Red: menu bar with basic edit and operational functions

Green: a set of buttons = {new file, load file, delete file, save, current document name, etc}

Orange: Control Panel: display multiple files

Blue: editable document body & an ineditable action history
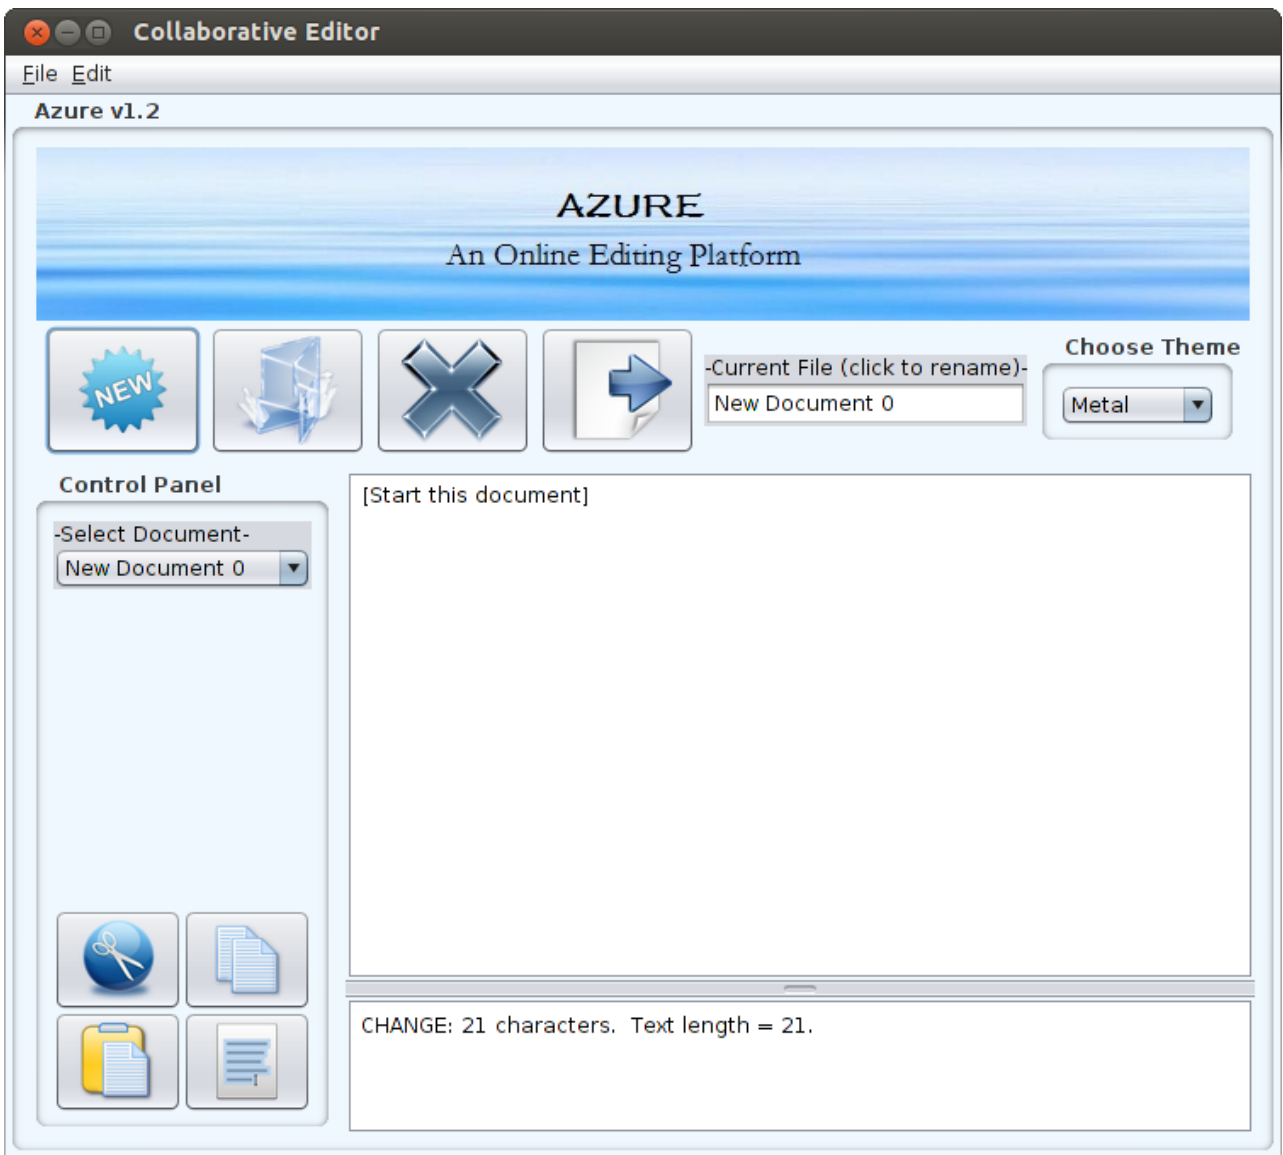

Part 2. Current View in Java

Figure 2. Current GUI View in Java Swing

Part 3. Possible Refinements for the Final Submission

(1) Add button tooltips and hot key supports

(2) Allow each user to select a customized theme
